Step-By-Step

1: Decorate the onesies

First place the piece of cardstock inside the onesie to prevent bleed through. Use fabric markers for your design. Get creative with inspiration from Google or the ideas after these instructions. You can use the stencils that we've provided for you.

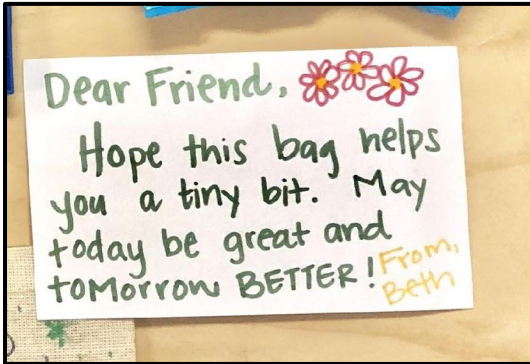

*You will package 2 onesies per bundle using the same sizes in each bundle.

2: Write an encouraging message

Write an encouraging note for the recipient on the gift bag, decorate it using regular markers. Use the examples to help you...

SALUTATION EXAMPLES

- Dear Friend,
- Hello!
- Dear New Mom,
- To Someone Special:

SENTIMENT EXAMPLES

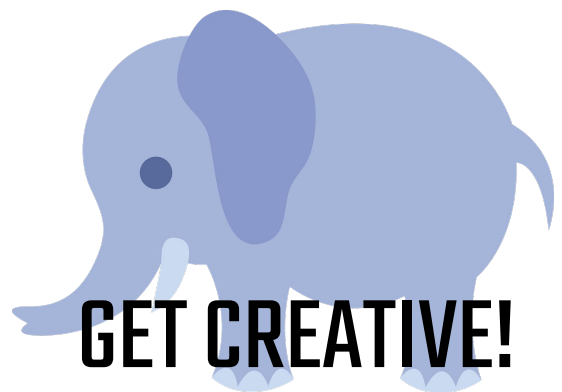

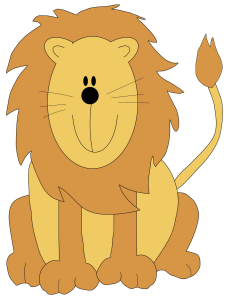

- So happy for you!
- You two deserve every bit of happiness this baby is going to bring to you!
- So many many warm and wonderful times ahead!
- Wishing you nothing but joy!
- Welcome to the world little one!

3: Wrap up the gift

Make sure you have two onesies decorated and then fold them together. Wrap them with colorful tissue paper and place card on top, then finish packaging with curling ribbon tie for a beautiful bundle gift. Please label the onesie size in the front corner of the card.
